

## AMERICA'S ESSENTIAL HOSPITALS

### **Karin Stryker, MBA**

Health Services Administrator

*Contra Costa Regional Medical Center*

Karin is currently responsible to the DSRIP Executive Committee of Contra Costa Regional Medical Center and Health Centers for oversight of DSRIP project team's efforts. She has spent much of her career in healthcare finance in New Jersey in budget and reimbursement and in California supporting special projects in the healthcare safety net before transitioning to Administration in 2013 to support organizational improvement. Karin is a recently certified Kaiser Improvement Advisor and is on the leadership team for Contra Costa Health Services' Ambulatory Care Redesign efforts. She attended Rutgers University and John F. Kennedy University graduate schools to earn an MBA in Strategic Planning and holds an accounting degree from William Paterson University.
