

Safety Net Pricing and Scholarships

Key:

Available on ihi.org/offerings (open for enrollment)

Red Type: 1. Program pending final approval before officially available on ihi.org

Green: 2. Enroll as soon as possible – this new program fills up fast

*Note: Participants are able to join IHI programs after the official start date (when program is posted on ihi.org/offerings).

*Please note that courses over \$10,000 have been removed from the calendar. Hubs can still send participants to these offerings, but given limited budgets, participation should have a clear, strategic justification. Please reach out to Crispin Delgado (crispindelgado@gmail.com) with inquiries.

ONGOING COURSES

[Certified Professional in Patient Safety Review Course](#)

FORMAT: Virtual Training

Safety Net Price: \$336

Original Price: \$395

Brief Description: *This online review course is for experienced patient safety professionals who plan to take the Certified Professional in Patient Safety (CPPS) examination. This course can help participants prepare for the exam by a review of domain content areas, overview of test-taking strategies through review of the five patient safety domains, discuss patient safety scenario examples similar to the exam's questions, assess your own level of preparedness for the exam, and identify additional areas for self-study.*

Target Participants: *All healthcare professionals*

Work Outside of Course Required: *Yes*

Transformational Topics Covered: *Patient Safety, Systems thinking*

Course credits: *Offered next: Unknown*

August 2018 COURSE DESCRIPTIONS

[IHI Summer Immersion](#)

FORMAT: In Person Training

August 6-10, 2018

Safety Net Price: \$2,508

Original Price: \$2,950

Brief Description: Behavioral health and physical health are inseparable. Integrating these focus areas is a key component of Triple Aim. Behavioral Health Integration is a five-session training that teaches best practices, provides the opportunity to learn from experts in the field (as well as from peers), and presents actionable changes and tools needed to move beyond the basics of your behavioral health integration work. Participants will leave knowing how to sustainably implement the clinical, operational, and financial changes required to make meeting patients' medical and behavioral health needs a standard part of primary care and begin testing changes to put ideas into action.

Target Participants: Organizations are encouraged to participate as interdisciplinary teams

Work Outside of Course Required: No

Transformational Topics Covered: All

Course credits: CEUs are being finalized. Please email info@IHI.org for more information.

Offered next: Unknown

[Medication Reconciliation: Maximizing the Benefits](#)

FORMAT: Virtual Training

August 14, 2018 | 1-2 PM ET

Safety Net Price: \$85 per person

Team Original Price: \$99 per person

Brief Description: Preventing harm from medications is a top patient safety priority. Medication reconciliation (med rec) can be an effective strategy for preventing adverse drug events. Med rec is done by creating an accurate list of all medications a patient is taking and comparing that list against the physician's admission, transfer, and/or discharge orders. Join this Webcast as a panel of experts highlight the med rec methods most likely to maximize benefits.

Target Participants: Organizations are encouraged to participate as interdisciplinary teams

Work Outside of Course Required: No

Transformational Topics Covered: All

Course credits: CEUs are being finalized. Please email info@IHI.org for more information.

Offered next: Unknown

[The Psychology of Change: Tools & Framework](#)

FORMAT: Virtual Training

Begins August 15, 2018

Safety Net Price: \$638 per team

Team Original Price: \$750 per team

Brief Description: It might seem straight forward to apply an evidence-based intervention. However, people's resistant to change- be it adopting a new process or behavior – is part of the change process. If you are struggling to get results or if you encounter team members who are resistant or apathetic toward adopting new process or behaviors, join this Institute for Healthcare Improvement Virtual Expedition to get adaptive leadership skills and tools needed to address the human side of change.

Target Participants: Organizations are encouraged to participate as interdisciplinary teams

Work Outside of Course Required: No

Transformational Topics Covered: All

Course credits: Approved for 9 CEUs for nurses, physicians, and pharmacists. Please email info@IHI.org for more information.

Offered next: Unknown
