

Timothy H. Dellit, MD

Associate Medical Director
Infection Control
Quality Improvement/Risk Management
Harborview Medical Center

Dr. Dellit is an Associate Professor of Medicine in the Division of Allergy and Infectious Diseases at the University of Washington and an Associate Medical Director of Harborview Medical Center serving as the Medical Director of Infection Control. He has led the development of infection control metrics across UW Medicine as well as the implementation of electronic surveillance tools. He also serves on the Washington State DOH Healthcare-Associated Infections (HAI) Advisory Board, Washington State Hospital Association Ten Strategies Council, University HealthSystem Consortium Hospital Engagement Network Advisory Panel, and past President of the Infectious Diseases Society of Washington. He co-authored the IDSA and SHEA guidelines on antimicrobial stewardship and has actively published in the prevention, surveillance, and management of HAI.
