Roy E. Gilbreath, MD, FACP
SVP Chief System of Care Integration Officer
Navicent Health System

Roy is a Board-certified Internist, who, as Chief System of Care Integration Officer, is responsible for Navicent Health’s System Quality, Safety and Equity and Medical Informatics, across Navicent’s System of Care, spanning the community, acute care, and post-acute settings.

He has over twenty years’ experience in physician executive roles and many years in private practice.

He received his BS from University of Florida, MD from University of Miami, and Internal Medicine training at Walter Reed Army Medical Center.
Nancy L. Osborn, RN, CIC
Manager, Infection Prevention
